## DEAD BODIES NUMBER

Mackay-Bennett Has Ghastly  
Cargo—Sea Abound in Un-  
buried Corpses

OFFICIAL LIST OF LOST  
FIXES NUMBER AT 1652

Marconi Probed as to Messag-  
es to Wireless Men—Mrs.  
Clark Tells Tragic Story

NEW YORK, April 25.—A wire-  
less from the cable steamer Mac-  
Kay-Bennett says 205 bodies have  
been recovered from the Titanic  
wreck. It is believed the bodies  
of Major Butt and George Wid-  
ener have been recovered.  
The Mackay-Bennett says the  
bodies of the dead are so numer-  
ous that mail ships should avoid  
those waters. It is believed that  
the majority of the bodies have  
not yet come to the surface. The  
steamer expects to finish its  
work within a week if the weather  
is clear.

WASHINGTON, April 25.—An of-  
ficial document introduced in the  
Titanic probe yesterday shows that  
1420 people of all classes sailed  
from Southampton on the big ship,  
with 940 officers and men of the  
crew, making a total of 2360 per-  
sons on the liner.  
The total number of passengers  
saved was 488, which, with 210 of-  
ficers and men of the crew, makes a  
total of 708, leaving the loss of life  
by the sinking of the Titanic of-  
ficially fixed at 1652.

ISMAI AND OFFICERS  
DEMAND THEIR RELEASE  
NEW YORK, April 25.—J. Bruce Is-  
may and other officials of the White  
Star line today demanded their re-  
lease by the Senate Committee in-  
vestigators. Other witnesses object  
to receiving but \$3 per day payment,  
claiming that they are unable to live  
in New York on that sum.

Interest in the investigation is ap-  
parently waning. There were few  
spectators today.  
William Marconi, head of the Mar-  
coni Wireless Company, was the first  
witness called today. He admitted  
that the company's New York of-  
fices had sent the following wireless  
to the Carpathia's operator:  
"Hold news of disaster at four  
figures."

The message was not sent, Mar-  
coni explained, until the Carpathia  
was practically in the harbor. He  
denied any personal knowledge of  
the message, saying that Chief Oper-  
ator Sammis in the New York of-  
fice was responsible for it. He said  
Harold Bride, the Titanic's surviving  
operator, received five hundred dol-  
lars for his story, and that Operator  
Cottam also received a fancy figure.  
Marconi said that all ships should  
have a wireless service. He said he  
understood the difficulty the Car-  
pathia's operator had in sending  
messages on account of amateur in-  
terference.

The wireless between the Car-  
pathia operators and the Marconi  
operator officials were read. The  
messages appeared to give their per-  
mission to the operators at sea to  
sell their stories. Marconi testified  
that he had not attempted to pre-  
vent information from reaching  
Shaw.  
Marconi denied that he had wire-  
lessly Bride and Cottam and "keep  
their mouths shut" and suppress  
news until they could be coined into  
"dollars of four figures." He said  
Cottam phoned him when he landed  
and asked permission to give his  
story of the disaster. Permission  
was given. Marconi said:  
"It is an offense under the British  
laws for a wireless operator to give  
news. Cottam used discretion in re-  
fusing to give the story while aboard  
the Carpathia."

Chairman Smith then read the fol-  
lowing wireless from the captain of  
the battleship Florida to the navy  
department following the radiograms  
intercepted. "They appeared signifi-  
cant enough to be brought to the  
department's attention:  
"Seagate to Carpathia, 8:10 p.m.,  
April 18.—Say, old man, the Mar-  
coni company is taking good care of  
you. It's fixed for you so you will  
get big money. Now please do your  
best to clear."

"Seagate to Carpathia, Titanic op-  
erators, 8:30.—Arranged for your ex-  
clusive story for dollars in four fig-  
ures, Marconi agreeing. Say nothing  
until you see me. J. M. Sammis, op-  
erator C."  
"Seagate to Carpathia operator, 9  
o'clock.—Go to Strand Hotel to  
meet Marconi. C."  
"Seagate to Carpathia operator,  
(Concluded on page eight.)

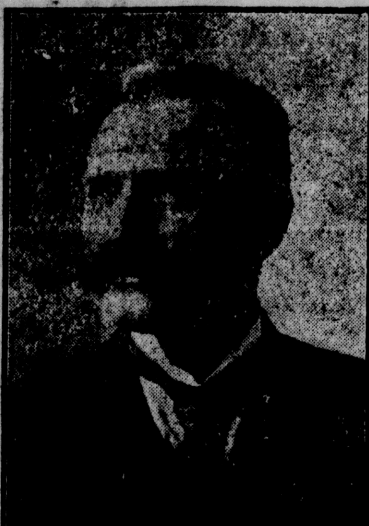

## FALLACIOUS INCONSISTENCY OF FORMER GOVERNOR GILLETT'S LEADING CAMPAIGN ARGUMENT

The coming of former Governor  
Gillett to Santa Ana, to speak on  
behalf of President Taft's candi-  
dacy, adds much to the primary  
interest and pertinency of the fol-  
lowing from the Pasadena News,  
an independent newspaper which is  
not supporting either Taft, La Fol-  
lette or Roosevelt:

"Former Governor Gillett, whose  
excellent administration, in the  
main, reflects credit upon him, will  
be recalled as bitterly denouncing  
woman suffrage and asserting that  
man is quite capable of filling all  
the offices without requisitioning  
woman for assistance; her place is  
in the home attending to her do-  
mestic affairs, etc., etc., with many  
other expressions of similar pur-  
port revealing a restricted view-  
point, to say the least. Naturally,  
the ex-governor is found enlisted  
with the reactionaries.

"At the Saturday night Taft  
meeting in San Francisco Mr. Gil-  
lett repeated the absurd charge  
that Roosevelt owes his victory in  
Pennsylvania to the interference of  
the steel trust, an assertion that  
pre-supposes the most childish mis-  
is in the keeping of his hearers. We  
cannot find that the speaker made  
any effort to explain how, in these  
circumstances, the chief spokesman  
for the steel trust in the lower house  
of congress for nearly a quarter of  
a century, John Dalzell, happened to  
be defeated in his home city of Pitts-  
burgh. If the steel trust could exert  
such tremendous power in behalf  
of Roosevelt in a hide-bound Republi-  
can state, long deposed for its fanatical  
adherence to the high protective  
tariff policies, what a curious weak-  
ness in its armor-plate strength that  
it signally failed in the one congres-  
sional district that was so essential  
to the maintenance of its selfish existence?

"Of course, Mr. Gillett was merely  
talking for effect, in much the same  
way that the defenders of the Taft  
candidacy laboriously tried to explain  
the Illinois defection by saying it was  
not a rebuke to the administration  
since Uncle Joe Cannon, Representative  
McKinley and other reactionary  
candidates for renomination were  
indorsed. They wilfully ignored the  
fact that a people who could vote to  
return these subordinates to office  
and yet refuse to indorse their chief  
must have a deep-seated reason for  
showing such discrimination. It is  
attributable, as we have many times  
pointed out, to the determination of  
the rank-and-file of the party to re-  
ject Mr. Taft for his early lapses, for  
his broken pledges in regard to the  
tariff, for which not even his excellent  
advocacy of the expert commis-  
sion idea has atoned."

## Medill McCormick Nailing Lies Told On Roosevelt

SAN FRANCISCO, April 24.—Med-  
ill McCormick, one of the national  
Roosevelt managers, has come to  
California to assist in the campaign  
until May 14th. He has placed him-  
self at the disposal of State Man-  
ager Stetson for speaking engage-  
ments.

In five wire fashion, McCormick is  
nailing lies that have been spread  
in California. He gives attention first  
to the false report that the harves-  
ter trust is supporting Roosevelt.  
"So far as I am personally con-  
cerned," says McCormick, "I have  
no interest whatever in the harves-  
ter trust and never expect to have  
any. The fact is that of the two  
cousins of mine who have an inter-  
est in that concern one is for Taft  
and the other is for Woodrow Wil-  
son."

"George W. Perkins has only a  
trivial interest in the Harvester  
trust. He is no longer a factor in  
the steel trust, and the reason for  
this is that they kicked him out be-  
cause he would not stand for their  
stockwatering operations. Wall  
Street cordially hates Perkins.  
"If they wish to make capital of  
business affiliations, why is it that  
nothing is said of the circumstance  
that so good a man as Charles R.  
Crane is financing the La Follette

campaign. Crane enjoys virtually a  
monopoly of the pump business.  
"These charges of trust affiliations  
against Roosevelt are base slanders,  
wilfully uttered. It is generally  
known, for example, that I haven't  
one dollar of Harvester stock, and  
yet sensational charges were built  
up from my connection with the  
Colonel's candidacy.

"And, talking about trust support,  
let us ask:  
"Why is Aldrich for Taft?  
"Why is Gallinger for Taft?  
"Why is Cannon for Taft?  
"Why is Lorimer for Taft?  
"Why is Patrick Calhoun for Taft?  
"Why is A. H. de Young for Taft?  
"Why is your William F. Herrin  
for Taft?  
"We could easily extend the list,  
but I think it is clear who is enjoy-  
ing the support of big business."

McCormick points to the recent  
primaries as proof of his contention  
that Taft has no standing with the  
masses of the people. Out of the  
various primary elections held—  
where the people had opportunity to  
express their choice—Taft has won  
only eight delegates. Two of these  
came from Senator Lorimer's dis-  
trict in Chicago, and six of them  
from the tenderloin wards of Phila-  
delphia, which are under absolute  
control of Senator Penrose.

## Tells of Plans to Take Care of the Immigrants

Rev. Dana Bartlett, founder of the  
Bethlehem Institute of Los Angeles,  
was in Santa Ana today and delivered  
two addresses, one at the high school  
on "Opportunities in the New Social  
Profession," and the other to a gather-  
ing of men at the Dragon, where Rev.  
Bartlett lunched with A. J. Cranston,  
W. A. Bartlett, Charles Robinson, R.  
J. Hamilton, S. M. Davis, W. H. Thom-  
as, A. G. Lucas, H. G. Dean, Scott  
Torrens and Revs. Seccombe, Murkett,  
Greer, Hussar, Wright and Samson.

Rev. Bartlett is now engaged in  
working out great problems in prepa-  
ration for the coming of thousands of  
immigrants to Southern California  
with the opening of the Panama canal.  
He and others propose to thoroughly  
organize and from the first meet im-  
migrants, care for them, look after  
their spiritual welfare and keep them  
from drifting into slums.  
"There will be 100,000 immigrants  
yearly coming through the Angel  
Gate, San Pedro," said he. As presi-  
dent of the Immigration Study Lea-

gue, he is going to Washington soon.  
It is proposed to get acts establishing  
an immigration station on Dead Man's  
Island, and to extend the information  
and distribution bureau of the immi-  
gration service in order to make it  
of real benefit to aliens. The right  
plan, according to the speaker's con-  
clusions, is to make every alien a  
ward of the government and see him  
through until he becomes a citizen or  
goes back to his own country.  
Rev. Bartlett proposes to have es-  
tablishments at San Pedro for taking  
care of immigrants, where they can  
be given good advice and help.

He explained the plans for the big  
industrial city at Dominguez. It is  
proposed to organize the laborers so  
that they will be of the greatest help  
to this country. The hardest problem  
is to get them on to land instead of  
in cities, and in getting them on to  
land is in large holdings.  
Rev. Bartlett urged that locally  
preparation be started for taking a  
share in the field work.

## MAN HUNT ALONG THE WATER FRONT

Ex-Convict Drags Broken Leg  
From Point to Point in Port-  
land in Flight From Officer

PORTLAND, Ore., April 25.—Suffer-  
ing with a severe revolver wound and  
broken leg, an unidentified man be-  
lieved to be an ex-convict, crawling

from one hiding place to another  
along the Portland water front, was  
trailing by thirty armed officers.  
The man was wounded in a revolver  
duel with Patrolman Bender who at-  
tempted his arrest as a loiterer. The  
chase led over housetops, where the  
leg is believed to have been broken  
in a hand-to-hand encounter with the  
officer. Curious crowds followed the  
hunt. The man was last seen crawl-  
ing beneath a building dragging a  
loaded revolver between his teeth.

## OPINIONS VARY IN CAPITAL TODAY

On Reading in Senate of Private  
Correspondence in Trust  
Prosecution

MISSOURI CONVENTION  
HALTED BY CONTESTS

Taft Bitterly Attacks Colonel  
Roosevelt—Says He Would  
be Dictator

WASHINGTON, April 25.—Varied  
opinions have been expressed over  
the reading in the Senate yesterday  
of the confidential correspondence of  
former President Roosevelt, and Her-  
bert Knox Smith as to anti-trust har-  
vester litigation in the Harvester  
Trust case. The Taftites are jubilant,  
and the Roosevelt forces are angry.  
Attorney General Wickesham has  
refused to comment. Senator Brislow  
continues to be bitter.

MISSOURI CONVENTION OPENING  
DELAYED BY FACTIONS

ST. LOUIS, April 25.—Inability of  
the Taft and Roosevelt factions to  
agree on the seating of delegates has  
delayed the opening of the Republican  
State convention, and sub-committees  
are in session. Governor Hadley who  
is for Roosevelt, refused to compro-  
mise. Another attempt to get togeth-  
er is scheduled for late today.

TAFT BITTERLY ATTACKS  
ROOSEVELT—DEFENDS SELF

SPRINGFIELD, Mass., April 25.—  
Bitterly denouncing Colonel Roosevelt  
and defending himself from Roose-  
velt's charges, President Taft address-  
ed an enthusiastic audience today. He  
predicted that if Roosevelt is elected,  
he will continue in office for many  
years, establishing a virtual dictator-  
ship.

ABOARD TAFT'S SPECIAL, on  
route to Springfield, Mass., April 25.

—Optimistic over his chances in  
Massachusetts, President Taft be-  
gan his presidential campaign  
against Colonel Roosevelt today.  
Springfield, Palmer and South Farm-  
ington were scheduled for stops.  
Boston will be the arena tonight of  
his reply to Roosevelt's charge that  
Senator Lorimer is supporting the  
Taft administration. Taft regards  
Massachusetts as present as the  
pivotal state.

TAFT FORCES CONTROLLED  
CONVENTION IN IOWA

CEDAR RAPIDS, Iowa, April 25.—  
By a vote of 701 to 720 the regular  
Republicans yesterday controlled the  
Iowa state convention, elected dele-  
gates-at-large to the national con-  
vention, instructed them for Taft and  
took revenge for the rebuff of two  
years ago to the President by refus-  
ing to mention the name of Senator  
A. B. Cummins in the resolutions.

GILLETTE OPENS TAFT CAM-  
PAIGN IN SANTA ANA TONIGHT

LOS ANGELES, April 25.—Ex-Gov-  
ernor Gillett arrived from Fresno to-  
day to begin the Southern California  
Taft campaign. He will speak at  
Santa Ana tonight, Riverside to-  
morrow evening, and on Saturday at  
San Bernardino.

LA FOLLETTE CANCELS TRIP  
THROUGH CITRUS DISTRICT

LOS ANGELES, April 25.—La Fol-  
lette headquarters announced today  
that La Follette's proposed trip  
through the citrus belt cities had  
been cancelled owing to the neces-  
sity of his return to San Francisco  
on Tuesday. He will endeavor to  
arrange for three speeches in the  
citrus cities Tuesday if practicable,  
but will probably cancel the trip en-  
tirely. He will return to Los An-  
geles the day before the presiden-  
tial primaries.

## Long Beach Is For Novel Form Of Government

LONG BEACH, April 25.—The  
Charter Committee is considering  
the adopting of the managerial  
form of municipal government  
practiced in Germany. If adopted,  
Long Beach will be the first  
American city to bid for the ser-  
vices of mayor and department  
heads, among pre-ven men of other  
cities or business.

LOS ANGELES FAVORS  
COMMISSION FORM

LOS ANGELES, April 25.—The  
Los Angeles Charter Revision  
Commission were on record by a  
vote of 7 to 4 last night as be-  
ing in favor of a commission form  
of city government in charge of  
seven commissioners.

## LA HABRA ROUTE SURVEY ORDERED

STATE HIGHWAY ROUTE IS  
DISCUSSED BUT NO ROUTE  
IS GIVEN RECOMMENDATION

Associated Chambers of Com-  
merce Endorses Proposed  
Bond Issues For Bridges.

A large share of the time of the  
business meeting of the Associated  
Chambers of Commerce at Placentia  
last night was taken up with discus-  
sion of whether or not the Associat-  
ed Chambers should pass a resolu-  
tion recommending to the State  
Highway Commission the route that  
should be followed in putting the  
road through Orange county. The  
fact that the State Highway Com-  
mission had already decided the mat-  
ter did not lessen the oratory, for  
it was not known here until this  
morning that the state commission  
had ordered the survey begun for  
the route through La Habra.

The Associated Chambers gave its  
hearty endorsement to the proposed  
bond issue for building county  
bridges. It rescinded its action of  
a month ago asking that the county  
pay for a county poor farm and hos-  
pital by direct tax. It endorsed an  
advertising proposition and heard  
the announcement by A. I. Stewart  
of Fullerton, president of the associa-  
tion, of the standing committees for  
the year.

The Marvel of it  
The half hour's visit along the  
streets of Placentia was a marvel to  
those from other parts of the county  
who had not kept track of the won-  
derful new city in the midst of the  
great orange district. Far less than  
two years ago, the place was a bar-  
ley field. Now Placentia is a city. It  
has twenty business houses. The  
main street has brick blocks, and  
buildings are going up at numerous  
corners and between corners. There  
is a bank, a postoffice, stores, a gar-  
age, new schoolhouse, residences,  
and a brand new club house.

All these things were discussed.  
With their eyes opened as to what  
the new Placentia is, the guests as-  
sembled in the parlors and on the  
broad porch of the Round Table  
Club House.

Pleasing Success  
With 124 seated at the tables, it  
was the biggest meeting ever held  
by the county body, in point of num-  
bers and in the high standard of  
the banquet. The banquet was serv-  
ed in the handsome club-house of  
the Round Table, Placentia's wom-  
en's club. The visitors looked the  
club-house over, and congratulated  
Placentia on its beauty and good  
taste, for certainly the club-house is  
beautiful and tasty in every respect.  
Placentia roses, hundreds upon  
hundreds of them, decorated the  
rooms. The banquet table was  
made as attractive as the hands of  
women used to doing things right  
could make them.

And as the meal progressed, the  
men from all over the county found  
out, if they had not already been  
told, that the Round Table ladies  
are good cooks. There was plenty  
of it and to spare, and every bit of  
it was good. Many of those who  
have attended dozens of Associated  
Chambers of Commerce banquets put  
this in the front rank, none better.

The menu follows:  
Noodle Soup  
Olives, Crackers, Sweet Pickles  
Salad  
Pigeon Pie Country Style  
Vienna Rolls  
Jelly  
Peas French Style, Mashed Potatoes  
Lemon Frappe  
Custard Pie, Cheese  
Assorted Fruits  
Nuts  
Raisins  
Coffee  
Welcome Given

The newly elected officers of the  
association were in charge. A. I.  
Stewart president and J. C. Metzgar  
secretary.

A. T. Pendleton, introduced as a  
pioneer citizen of Placentia, gave  
the address of welcome, telling of his  
coming to the place with his bride  
when they had to mow down barley  
to build a house. He urged that  
something be done to better the  
roads of Orange county.

H. C. Head responded, congratulat-  
ing the Round Table upon its club-  
house and upon the banquet.  
On roll call, A. A. Mills of Ana-  
heim announced that there were  
fifty-two present from Anaheim as a  
compliment to the Round Table.

Endorsement Given  
H. W. Dyer of Anaheim asked the  
endorsement of the body for a pub-  
lication to be called the Orange Coun-  
ty Realty Guide, of forty-two pages,  
copies of which should be distribut-  
ed on all trains coming to Los An-  
geles from the East and copies to be  
sent to every chamber of commerce  
in the United States. The matter  
was referred to the advertising com-  
mittee, J. A. Knapp, W. A. Cornelius  
and J. A. Armitage, and on the re-  
port of the committee, recommend-  
ing endorsement, the project was  
endorsed. It was stated that the  
publication will write up this county  
and publish the doings of the Asso-

PLEDGE TO SUPPORT  
BONDS FOR BRIDGES

Whereas, The Board of Su-  
pervisors are preparing to call  
for a bond issue of about \$90,-  
000 to replace the old wooden  
type of bridges of the county,  
and  
Whereas, The cost of good  
steel bridges will be greatly in  
excess of this amount (one at  
Sateroy, Ventura county, just  
opened, costing \$100,000); be  
it

Resolved, By the Associated  
Chambers of Commerce of Or-  
ange County that the proposi-  
tion to replace all old bridges  
of the county is heartily en-  
dorsed.

Resolved, That the Board of  
Supervisors be requested to  
have plans made for good steel  
and concrete bridges, for all  
over the county, and costs  
thereof estimated, and that a  
bond issue to cover the neces-  
sary cost be called, and that  
this body pledge itself to sup-  
port and work for such an is-  
sue.

ASK BUILDING OF  
THROUGH ROAD NOW

Whereas, It was announced  
by a member of the State  
Highway Commission that the  
highway from San Francisco  
to Los Angeles would be first  
to be constructed, and that it  
would probably take at least  
five years to complete the  
whole system provided for by  
the \$18,000,000 bonds.

Whereas, San Diego is to  
hold its great world's fair in  
1915, and the highway there  
should be completed for the  
traffic then; be it

Resolved, By the Associated  
Chambers of Commerce of Or-  
ange County that the State  
Highway Commission be re-  
quested to begin work on the  
state highway from Los An-  
geles via Orange county to San  
Diego at the earliest possible  
date, so that its completion  
may be assured in time for  
this fair in 1915.

Resolved, That San Diego be  
asked to join us in this re-  
quest.

Schmitz Case Was  
Continued Today for One Week

SAN FRANCISCO, April 25.—A  
continuance of one week in the case  
of ex-Mayor Eugene Schmitz was  
granted today. Motions to drop the  
pending indictments will be argued  
when the case is resumed.

Viola Carver Sails  
For Her Home in Tacoma

LOS ANGELES, April 25.—Viola  
Carver, recently released from the  
charge of the murder of J. Edwin  
Edge, sailed today on the steamer  
President for San Francisco, en  
route to her Tacoma home. Her  
father and mother accompanied her.

## HOPE ARBITRATION MAY AVERT STRIKE OF R. R. ENGINEERS

PHILADELPHIA, April 25.—Presi-  
dent Baer of the Philadelphia and  
Reading Railway announced that the  
sub-committee of the anthracite  
miners and operators have prepared  
a report recommending a settle-  
ment of the points in dispute. The  
full committee will meet in New  
York May 2 to receive the report.  
The basis of settlement was not an-  
nounced.

COMMITTEE WAS NAMED TO  
AVERT MENACING STRIKE

NEW YORK, April 25.—It was as-  
serted yesterday that the probable  
result of the conference of govern-  
ment officials with representatives of  
the railroads and locomotive engi-  
neers will be the appointment of an  
arbitration board of nine members to  
adjust the differences. This was the  
outcome of the day's discussion be-  
tween Judge Knapp and the railroad  
managers.

## THIS COUNTY IS INCLUDED IN FIRST WORK

State Highway Commission  
Starts Ball Rolling for  
Half Mileage

OPENS THE WAY  
FOR COUNTY BONDS

Believed That County Board  
can now Proceed With  
Its Plans

SACRAMENTO, April 25.—Plans  
were ordered yesterday for about half  
of the total mileage to be built by the  
state under the \$18,000,000 bond issue  
for goods roads. This was done at the  
most important meeting yet held by the  
State Highway Commission. The  
Highway engineer was directed to  
present surveys, plans and estimates  
for the routes in Alameda, Santa  
Clara, Santa Cruz, Marin, Santa Bar-  
bara, Fresno, Madera, El Dorado and  
Orange counties. The route in Or-  
ange county is as follows:

"In division 7 of that portion of  
route 2, beginning at the southerly  
boundary of Orange county and ex-  
tending northerly and westerly  
through San Juan Capistrano, El  
Toro and Irvine to Santa Ana; thence  
northerly and westerly through Ana-  
heim and Fullerton to La Habra at  
the northern boundary line of said  
county."

M. M. Crookshank, president of the  
Orange County Highway Commission,  
stated today that the decision of the  
State Highway Commission was the  
first step in the direction and toward  
the time when Orange County can go  
ahead with her good roads proposi-  
tion, this county having held back the  
submission of bonds until it was  
found out definitely what the state  
will do.

"We can do nothing until the State  
Highway Commission accepts the sur-  
vey," said Mr. Crookshank. "It is true  
that the action ordering the survey  
is definite, but there is the possibility  
that the state commission would not  
accept the survey, and would order a  
new route. So we will wait until the  
survey is completed and accepted."

The news that the route has been  
selected will be received with satis-  
faction as a rule over the county.

## POPE'S HAPPIEST EXPERIENCE TODAY

Heard Dedication of St. Mark's  
New Campanile at Venice  
Over Telephone

ROME, April 25.—Over a special  
telephone, the Pope today heard the  
dedication service of St. Mark's new  
campanile, the ringing of the bell,  
and the cheering in Venice. He de-  
clared it was the happiest moment of  
his life since he became Pope.

VENICE, Italy, April 25.—In the  
presence of official representatives of  
every nation, the new campanile for  
the famous cathedral of St. Marks  
was formally dedicated today. The  
church and state ceremonies were  
separate.

Following the dedication of the  
campanile the tenth annual interna-  
tional Exposition of Fine Arts was  
opened. J. Pierpont Morgan is at-  
tending the exposition.

## BATTLE RAGES AT TEPIC—LOOTING IS ON IN CULIACAN

TUCSON, Ariz., April 25.—  
After an all-night battle be-  
tween federals, rebels and the  
citizens of Tepic, there was no  
victory. Fighting continues.  
Machine guns are creating  
havoc in the city. Pillaging and  
looting continues in Culiacan  
during the battle. Many are re-  
ported killed. The government  
is attempting to censor the re-  
ports.

## GIRLS PREPARE AND SERVE BANQUET

Students Under 15 Years of  
Age do Credit to Selves  
and Cooking School

ANAHEIM, April 25.—One of the most elaborate affairs and the only one of the kind ever attempted in Orange county occurred yesterday when a formal luncheon was given by the domestic science class of the Fremont Grammar school. The guest of honor was County Superintendent of schools R. P. Mitchell of Santa Ana. Other guests included Prof. J. Franklin Walker of the local high school, Prof. Vandever of grammar schools, Trustees William Chambers, Charles Boege and J. Claybough.

The special feature of the occasion was that the girls under the age of 15 prepared the entire menu including the bread, and also served the six-course luncheon in a faultless manner.

The excellent training that they have received during the year under the direction of Miss Bertha Kimball made it possible for the young girls from the seventh and eighth grades to attempt the affair. It was their first effort but proved a splendid success. County Superintendent Mitchell said: "The luncheon which has just been served by such young ladies was faultless and greatly appreciated. People of the district are certainly being well paid for the money that is being spent in the domestic science."

## RAISIN DAY MARCH 30TH

"California Raisin Day," inaugurated three years ago, will be celebrated again this year on the 30th day of April. Raisin Day has now become an annual affair, and there is hardly a part of the United States where raisins are not eaten on this occasion.

It was inaugurated three years ago

by the raisin growers of California and the Southern Pacific Company, and everybody in the country, on the 30th day of April, became afflicted with "Raisinitis." Throughout the entire country the railroads prepare special menus for their dining cars, all of which contain some dish which has for one of the ingredients raisins. The committee in charge of the affair this year has issued 40,000 posters and window cards, 100,000 post cards and approximately 2,000,000 stickers.

These will be distributed throughout the country and it is also planned to have raisin exhibits in the largest cities in the country, prizes to be awarded in each city for the best exhibit. The Southern Pacific Company has arranged for the distribution of many of the posters and other advertising matter and are requesting all of the railroads in the United States to again co-operate by placing special raisin dishes on their menus of April 30th.

"Eat Raisin Bread," one of the slogans of Raisin Day two years ago and it will be adopted again this year. Throughout California and other western states, it has been the custom of the merchants to present special packages of raisins to their customers on this day. The newspapers also prepare special features for this occasion.

## WEST COAST IN THE FIELD TO GATHER WATER DATA

Three-Quarters of a Million is  
Paid For Industrial  
Holdings  
A. U. W. Co. to Co-Operate  
With Government Officials in  
Measurement of Water

Los Angeles Times: The entire properties of the Industrial Oil Company in the Fullerton field have passed into the hands of the West Coast Oil Company. This deal was rumored for sometime, but the facts have just been made public.

The entrance of this new company in the fields means, it is said, a wide expansion in development work. The West Coast is new in this field, having previously confined its operations to the north. Its purchases of the industrial properties is said to be in line with its policy of expansion and rapid development of available territory. All the details of the deal have not been made public as yet, but the transfer has been completed and the new owners are now in possession. The reported purchase price was about \$750,000. The industrial properties in this field consist of between forty and fifty producing wells, with several drilling. On the industrial property the new owners acquire a territory which, while it has never shown anything in the way of sensational production has been uniformly dependable for returns. More than that, only a small proportion of its resources, so far, have been developed and they are believed to be good for many years to come as steady and profitable producers.

## IMPROVEMENTS AT FULLERTON

FULLERTON, April 25.—The city trustees have ordered several miles of curbing and cement sidewalks in the residential sections of the city. New subdivisions in the vicinity of the new high school will be sidewalked. Commonwealth avenue will be improved with a park way in the center of the street, which is one hundred feet wide. It is planned also to convert the old high school site into a city park. The sale of the road bonds will be taken up at the meeting Friday night.

### FOR AGED PEOPLE

Old Folks Should be Careful in  
Their Selection of Regula-  
tive Medicine

We have a safe, dependable, and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitutions who suffer from constipation or other bowel disorders. We are so certain that it will relieve these complaints and give absolute satisfaction in every particular that we offer it with our personal guarantee that it shall cost the user nothing if it fails to substantiate our claims. This remedy is called **Regall Orderlies**. Regall Orderlies are eaten just like candy and are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity. Three sizes, 10c, 25c, and 50c. Sold only at our store—The Regall Store, Wheeler & Mateer, 104 West Fourth street.

ANAHEIM, April 25.—The Anaheim Union Water Company board met in regular session on April 20 with all members present.

Messrs. Tait and Salsbury of the department of agriculture of the state of California appeared before the board in the interests of the Water Conservation committee of California, and asked the co-operation of the A. U. W. Company in securing measurements and other data relating to the water supply of the Santa Ana river, from which they could prepare a report for the department of agriculture. After considerable discussion it was moved by Hale and seconded by Bradford and carried, that the superintendent and Mr. Sharwood co-operate with Messrs. Tait and Salsbury in collecting the data requested.

Mr. Starbuck, representing the Pacific Telephone & Telegraph Company, stated that it would be necessary to comply with the public utilities act, to charge all persons using their phones the same rate except in cases where the poles of the Pacific Telephone & Telegraph Company crossed private leads. In such cases the connections existing prior to this act could stand as heretofore.

Mr. Starbuck also explained the necessity of a \$5 deposit at the time of installation of all new phones, and on motion of Hale, seconded by Bradford and carried the president and secretary were authorized to sign a warrant in favor of the Pacific Telephone & Telegraph Company for \$5 in payment of the deposit on telephone for Mr. Murphy at the Amalgamated lease.

Mr. Beazley reported the ditch running from the northwest corner to the southwest corner of Mattie Taylor property, in bad shape and suggested that the board accept the proposition of the property owners in that locality and put in a pipe line in place of the present open ditch. On motion of McFadden, seconded by Hale and carried the superintendent was instructed to put in a ditch on the Mattie Taylor property as recommended by the ditch committee.

Mr. Beazley reported the ditches at Geo. Porter's ranch, Lovering's ranch and J. Ortega's ranch to be in very poor condition, due partly to the carelessness of property owners in working the land adjacent to the ditches. The superintendent was instructed to repair the ditches.

Mr. Bradford reported everything ready to take care of the oil business. The oil committee had ordered cars and were in the meantime delivering to the Kellogg company in tank wagons.

Applications on file for transfer of stock were on motion granted. The proposition of furnishing water to the Dorsey Oil Company, on Mrs. Pittman's stock, was referred to the committee with power to act. Mr. Sherwood reported that he had ordered the concrete mixer and it would be on hand by May 1.

Mr. Keech reported that he had forwarded a report of the company's business to the railroad commission, in answer to their general order No. 15 and had received an answer that everything was satisfactory.

The proposition of putting in a pit at pumping plant No. 3 was discussed and bids were received from Clemmer & Archer, Arthur S. Bent Construction Company and S. F. Catey, but before awarding the contract the board decided to go on a trip of inspection and see some of the jobs which had been completed by the different companies.

Mr. Yewis of the Bryan Jackson Iron Works gave an estimate of the machinery that would be necessary on the new well and suggested that a 10-foot pit be put down.

A communication was received from the Gage Canal Company of Riverside enclosing an estimate of the cost per foot of a 10-foot pit. Same was placed on file.

Communication of N. E. Steadman in regard to widening the county road east of town was referred to the superintendent.

A communication was received from John C. des Granges and was referred to the superintendent.

A report of the Amalgamated Oil Company for March was received and filed.

On motion the meeting adjourned.  
WM. T. WALLOP, Secy.

## EXPERTS ARE BEATEN BY ONE NOT EXPERT

Three of Santa Ana's expert hunters are telling a story on themselves. The experts are W. W. Halesworth, E. R. Curtis and D. L. Anderson. C. S. Forgy took the three into James McFadden's pasture to hunt snakes. Forgy makes no pretensions of being much of a hunter. His strong point is fishing. Halesworth, Curtis and Anderson joshed him all the way out about the manner in which they would do all the shooting and let him carry the game.

Forgy scouted around the buggy a bit, and brought down nine birds. Halesworth, Curtis and Anderson stirred up all the marshes for a mile and a half in every direction, and came back to the rig, and a conversation like this took place:

"What luck?" was asked Forgy.

"Oh, not much, what did you three fellows get?"

"Altogether, the three of us got seven."

Then Forgy solemnly counted out his nine.

## HIGHEST HONORS IN SCHOLARSHIP

## STATE HIGHWAY ROUTE IS DISCUSSED BUT NO ROUTE IS GIVEN RECOMMENDATION

(Continued from page one)

ciated Chambers of Commerce.

Hearty Endorsement

A. A. Mills of Anaheim presented a resolution endorsing the project of the Board of Supervisors to call a bond election for bridges. The resolution carried unanimously.

T. B. Talbert, chairman of the Board of Supervisors, stated that the board had considered the request of the Associated Chambers of Commerce to have a direct tax levied for a poor farm and hospital, but inasmuch as an election on bridge bonds would have to be called, the board found it best to call for bonds for the poor farm and hospital.

A. I. Stewart said he thought the request for a direct tax had been hasty. On L. H. Wallace's motion the request for a direct tax was withdrawn.

Talbert stated that the exact amount for bridges had not been decided upon. At least six should be built. The one on West Fifth, to be of reinforced concrete, will cost \$15,000.

Extends Invitation

W. A. Zimmerman for the Santa Ana Chamber of Commerce said that any civic body of the county would be welcome to take space in the Santa Ana rooms, which are visited daily by one or two carloads of tourists taking the Triangle Trolley Trip. The cost for space would be \$5 a month. Secretary Metzgar would take care of the exhibits and distribute literature for the various cities.

Good Roads and Routes

The good roads and state highway route talk was started by a resolution presented by Mills, asking the State Highway Commission to build a state road through Orange county immediately. No mention was made in the resolution of any route proposed.

Stirred Up Talk

A. I. Stewart said he thought the beach cities had tried to seize the meeting. He was satisfied a big majority of the people want the inland route. Mills said that statistics have been sent to the State Highway Commission showing that ninety per cent of the population and eighty-five per cent of the assessed valuation of the county lies along the inland route.

Reed and Wallace advised against taking any action because it had not been decided which route out of Fullerton was wanted.

William Starbuck of Fullerton, Pendleton of Placentia, Ahlborn of Anaheim joined in the discussion, the two latter favoring immediate endorsement. Chas. Eggabroad of Anaheim moved that an endorsement be given that night. C. E. McFadden declared that the interpretation of the highway act means a road through coast counties, not along the beaches.

J. A. Knapp of Garden Grove moved an amendment to Eggabroad's motion, the amendment being that the Associated Chambers endorse the route through La Habra.

This stirred up those favoring the Buena Park route, and Wickersham

ferred.

From statements made by L. H. Wallace and W. A. Cornelius of Newport Beach, A. L. Reed of Huntington Beach, F. R. Aldrich of La Habra and Gustave Stern of Fullerton, the differences in preferences were brought out. The beach cities are joined with the Coast Boulevard Association in favoring building the highway along the beaches. From Fullerton to the San Diego line those favoring the inside Orange county route have no differences of opinion. From Fullerton are two routes, one north through La Habra to the Los Angeles line and the other west through Buena Park to the Los Angeles line. R. D. Richards of Bay City, Wallace and Cornelius said they thought the Associated Chambers ought not to take any stand in endorsing any particular route. Stern said that Fullerton proposes to build its own good roads to its city limits, far out into the country, which leave but three miles to the county line by the La Habra route, and because the county would get more state roads, he favored the Buena Park route.

The Fun Begins

J. A. Armitage of Sunset Beach declared emphatically that the Associated Chambers should go on record as recommending some specific route that would be for the best interests of the state and county. He read an argument in favor of the beach route, declaring it would increase values in that section immensely, and thus help the county.

Mills' resolution was put to a vote and carried.

L. N. Wheaton of Long Beach, president of the Coast Boulevard Association, was called upon, and in a well delivered address he argued for the beach route, which he said was planned from the first. He quoted from Gillett's message asking for the good roads bond proposal, and declared that with the completion of the Panama Canal the entire coast line would be developed amazingly.

W. A. Zimmerman of Santa Ana replied to the speaker, saying that the rank and file of this county wants the inland road, so that it can be used by the people of this county. He said that with the development of the county, the coast road could soon be built anyhow. H. H. Hale of Placentia made a spirited talk in favor of the inland route, and was followed by Talbert, who declared that the beach towns are in pockets, and it is impossible to get from one to the other except by wide detours. He said that the state will build but one road through the county; why not let it build the most expensive one?

Reed and Wallace advised against taking any action because it had not been decided which route out of Fullerton was wanted.

William Starbuck of Fullerton, Pendleton of Placentia, Ahlborn of Anaheim joined in the discussion, the two latter favoring immediate endorsement. Chas. Eggabroad of Anaheim moved that an endorsement be given that night. C. E. McFadden declared that the interpretation of the highway act means a road through coast counties, not along the beaches.

J. A. Knapp of Garden Grove moved an amendment to Eggabroad's motion, the amendment being that the Associated Chambers endorse the route through La Habra.

This stirred up those favoring the Buena Park route, and Wickersham

of Fullerton and Adams of Anaheim tried to get an amendment to the amendment, favoring the Buena Park route, but the chair ruled the motions out of order.

L. K. Benchley of Fullerton declared that the coast route argument had given the people something to think about, and he advised caution before recommending a route.

Reed of Huntington Beach moved to lay the whole matter on the table, and on roll call the beach cities, expecting defeat of their route if it came to a vote, voted for that motion, and with other votes carried it.

The vote was: For laying on the table, Richards, Bay City; Stern, Fullerton; Talbert and Reed, Huntington Beach; Wallace and Cornelius, Newport Beach; Barry, Placentia; Armitage, Sunset Beach; Stone, Westminster. Against: Mills and Eggabroad, Anaheim; Knapp, Garden Grove; Aldrich, La Habra; Morse, Placentia; Zimmerman, Santa Ana.

Standing Committees

President Stewart announced standing committees as follows:

Ways and Means—H. C. Head, Santa Ana; George Wilcox, Buena Park; H. H. Hale, Placentia.

Manufacturers and Commerce—W. A. Zimmerman, Santa Ana; T. B. Talbert, Huntington Beach; F. A. Blake, Orange.

Railroads and Transportation—A. A. Mills, Anaheim; S. M. Davis, Santa Ana; W. A. Griffith, Huntington Beach.

Education, Advertising and Exhibits—J. A. Knapp, Garden Grove; W. A. Cornelius, Newport Beach; J. A. Armitage, Sunset Beach.

Good Roads—Gustave Stern, Fullerton; A. L. Reed, Huntington Beach; F. H. Case, Santa Ana.

Harbor—L. H. Wallace, Newport Beach; Charles Eggabroad, Anaheim; W. A. Zimmerman, Santa Ana.

An invitation to hold the next meeting, May 29, at Westminster was accepted. A vote of thanks was given the ladies of Placentia, who served the banquet as quickly and prettily as a banquet could be served, and the meeting adjourned.

## DEFINING BUSINESS ETHICS

Whether during the past decade or two American business men have liked it or not, the combined effort of idealists, lawmakers and executives has brought about certain new standards of trade. This process of redefinition of the honorable and the tolerable in commerce and bargaining might have had more support from within the ranks of sellers and buyers than it has had; and if there had been more criticism from within there need not have been so much from without.

Realizing that the process is by no means finished and that there is to be additional legislation, organizations of merchants are now busy advising congress as to the form that new enactments of law should take. Thus the Merchants Association of New York is memorializing lawmakers at Washington that the United States, in its further dealing with "trusts," take action in line with the combines investigation act of Canada, passed by the Dominion in 1910. Under this act six citizens at any time may invoke governmental investigation of what they believe to be unfair business practices. A special commission forthwith is created with the state, with the complainants and the alleged monopolists represented upon it. The finding as to illegality, if brought in, is officially given publicity; the practices condemned forthwith become illegal for all persons; but there is entire exemption from retroactive penalties for acts committed prior to the decision, although of offenses thereafter are to be severely punished.

Action of American juries in several conspicuous recent cases of trials of alleged violators of the Sherman law has shown the disinclination of the average man to impose severe penalties upon men said to have been guilty of discriminations and of taking profits based on monopoly control. It is said in explanation of these verdicts that the juror will not vote to punish a few men for practices that are generally followed and that have still to be declared reprehensible by most business men. It is argued that if a new start be made with the higher business code, and if past offenses be forgiven and the law be held to apply only to contemporary or future violations of it, then juries will convict, and not until that is done can they be counted upon to support the prosecution. The recommendations of the Merchants Association of New York city urging adoption of the Canadian method would seem to indicate that there is something in this demand of the business world for a chance to escape being judged criminals.—Christian Science Monitor.

The so-called Talbert Social and Athletic Association that was formed at Talbert met with rude treatment from the officers and courts, at least so far as Director Newman of the association is concerned. The question with the officers now is whether or not the association's activities—social, athletic, recreative and otherwise—will end with the departure of Newman from the county, which departure is made permanent by a suspended sentence of ninety days to the county jail.

Even before Roosevelt had left the White House, Taft gathered about him as his advisers such men as Aldrich and Cannon, Smoot and Tawney—men who hated the policies Roosevelt stood for and men who hated and fought Roosevelt. Knox, Wickersham and Dickinson were also immediate selections for his cabinet.

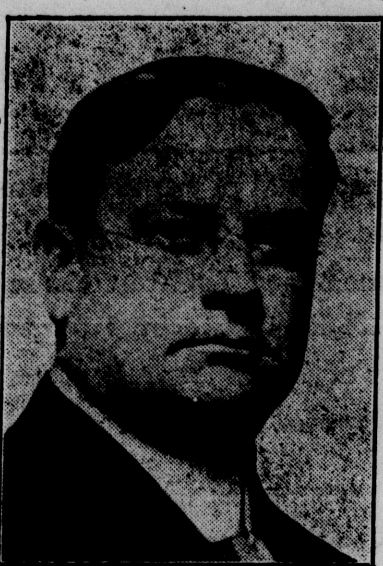

When it was possible to elect somebody other than Joseph G. Cannon as speaker, Taft refused encouragement and support to the Progressive congressman and threw his influence to the group which re-elected the standard-bearer.

Wm. E. Smythe was supposed to be speaking in this city the other evening on behalf of Senator La Follette's candidacy; but judging from newspaper reports of what he said he put in two or more licks for Taft to every stroke for La Follette.

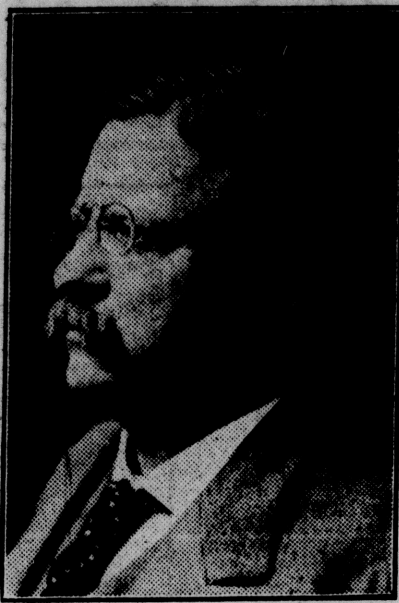

"The policies which he (Theodore Roosevelt) inaugurated must be continued and developed. They are right and they are the policies of the people."—William Howard Taft, June 27, 1908.

Norton's letter was a confession that Taft had used the patronage club to browbeat progressive members of congress who were trying to carry out

## ROOSEVELT'S MESSAGE TO THE PEOPLE OF CALIFORNIA IS SENT THROUGH GOV. JOHNSON

GOV. HIRAM W. JOHNSON

THEODORE ROOSEVELT

Gov. Johnson today gives out for publication the following "appeal to the Republicans of California," by Theodore Roosevelt:

Unfortunately I fear that it will be physically impossible for me to come to California and therefore I desire to take this method of making my appeal to the Republicans of California.

My appeal is not merely to the Progressive Republicans, not merely to Republicans as a whole, for in this contest I hold that we have a right to the support of all good citizens, no matter what their previous party affiliations, provided only that they believe in the fundamental principles of Americanism and of popular government. We stand for the real, not the nominal rule of the people. We believe that they should really, not merely nominally control their own government, and therefore the instruments by which they govern, and that they should be able to exercise this control efficiently. Therefore we hold that the laws should be such as to enable the people to initiate legislation for themselves, if after due effort it proves impossible to get such legislation by the regular legislative bodies; and that they should also possess the right of insisting upon a referendum to themselves of proposed laws when they so desire.

We hold that it should be made possible to hold the public servants of the people promptly accountable to the people if they do wrong. Personally, I believe that the right of initiative in securing a referendum should be exercised by the people, not only as regards laws in the interest of justice which the legislature declines to pass, but also in regard to such laws, laws passed in the exercise of the police power or general welfare power by the legislature, which, when passed, the courts of the state declare to be unconstitutional. Where the courts of a state, in such cases as that of a law providing for workmen's compensation, or a law prohibiting overcrowding of tenement houses, or a law limiting the hours of labor for women in factories, declare that the constitution which the people made in order to secure justice is to be construed as forbidding them to do justice, I believe that the people themselves should be given the power, after due deliberation, to deliver their own sober and final judgment as to what they intend that the constitution, which they themselves made, shall be construed to mean.

We believe in the election of senators by popular vote and in direct primaries for the nomination of all elective officers, from the president down. Moreover, what is still more important, we believe that the rule of the people should be carried on in a spirit of the broadest and kindest justice to every man and every woman within the borders of the nation. It must be our resolute purpose to do away with privilege and to secure, so far as by law it is possible to secure it, equality of opportunity for all, so that this republic shall become and remain an industrial no less than a political democracy.

We are against the boss in politics, not only for reasons of abstract right, but because in actual practice the boss has always proved to be the ally of privilege and of the special interests, a member in that wicked partnership between crooked politics and crooked business which has been responsible for nine-tenths of the corruption in American political life.

We hail as brothers all who in good faith, with common sense, and with disinterested fervor, work for the betterment of the conditions of life and labor for the average American, for the plain people, the average man and average woman, who are the mainstay of this country, and who make up the great bulk of our population—the farmers, the wage workers, the small business men, the young professional men. We hold moreover that we are the true friends of the rich men who are opposed to us; we regret that they do not see that we are really fighting the battle of their children and their children's children, when we strive to make this a land where justice shall be done and fair play shown those who are the least fortunate in the crush of our modern industrial life; for most surely this country will not be a good place for anyone to live in unless we resolutely set ourselves to the task of making it a good place for everyone to live in.

In closing, I wish to say a word to our fellow-progressives who are not supporting us in this fight. I entered into the contest with reluctance, and only when I was assured by leading progressives from all parts of the country that beyond a shadow of a doubt there was not the slightest hope of nominating any progressive except myself; when for instance, this had become so clear to the progressive governors that practically all of them, with the exception of those who had candidates in their own states, had united in urging me to run because my candidacy offered absolutely the only alternative to the overwhelming triumph of

## W. A. HUFF

Either I will be nominated or else a standpat candidate will be nominated. To divert votes from me can accomplish nothing whatever except to give a certain amount of aid and comfort to the reactionaries. I believe that we can win without California, but I should be sorry indeed not to see California stand in the forefront of this movement. We have looked to California for leadership in the past, and now that a great victory is in sight, we earnestly hope that she will again stand in the forefront of the battle for the right. We stand for the same principles everywhere; Oregon has declared for us as Maine has declared for us; Pennsylvania, Illinois and Oklahoma are for us, just as Kansas and Nebraska are for us.

We earnestly hope that California will take her place where she belongs—in the front of the nation-wide column that marches under our banner, under the banner of those who stand for the right of the people to rule, and for their duty so to rule as to bring nearer the day when social and industrial justice shall obtain in every part of this mighty republic.

THEODORE ROOSEVELT.

La Follette An Impossibility  
Roosevelt Almost a Certainty

SAN FRANCISCO, April 25.—The Roosevelt League has issued the following carefully compiled statement:

Theodore Roosevelt has already secured delegates as follows: From Pennsylvania, 70; Illinois, 56; Mississippi, 20; Missouri, 22; Indiana, 8; Kentucky, 3; Maine, 12; Michigan, 6; Alabama, 2; New Mexico, 6; Oklahoma, 16; South Carolina, 2; Tennessee, 2; Vermont, 5; North Carolina, 16; New York, 10; Nebraska, 16; and Oregon, 10; making a total of 282.

Up to date La Follette has secured the following delegates: Wisconsin, 28; North Dakota, 10; total, 38. La Follette is now an active candidate in only three other states, to-wit: Washington, with 14 delegates, South Dakota, with 10 delegates, and California, with 26 delegates, making a total of 50 delegates. If La Follette should get all the delegates in all of these states, it is apparent that the total number of delegates which he would have in the national convention would be 86. It is obvious that there is no possibility of his securing the nomination.

The delegates from the Southern states will certainly not switch from Taft and vote for La Follette's nomination, because most of them are job holders or job chasers, and they would point to Illinois where La Follette got about 40,000 votes, whereas Roosevelt got 240,000 votes. They would also point to Pennsylvania, Indiana, Michigan, Maine and Missouri, where La Follette got practically no votes whatever. They would also point to Nebraska, where Roosevelt received more votes than Taft and La Follette combined and received two and one-half times as many votes as either Taft or La Follette. They would also point to Oregon, where Roosevelt received many more votes than either Taft or La Follette. There would seem to be no reason to believe from the returns in any of the aforesaid states, that La Follette could be elected if he were nominated.

They would naturally throw their votes to the strongest candidate, if they abandoned Taft. The results of the primary elections in those northern states which must determine the election of a Republican president demonstrate that Theodore Roosevelt is immeasurably the strongest candidate and also that Taft cannot possibly be elected if he is nominated.

In addition to the 282 delegates which he has already secured, Roosevelt will undoubtedly get a large number of delegates in many states yet to be heard from. Under the presidential preference primary law which New Jersey now has, Roosevelt will undoubtedly secure the entire delegation of 26 members. He will also get the 26 delegates from Minnesota and 22 delegates from Kansas. He will get

at least 30 of the 48 delegates from Ohio. He is certain to secure the 10 delegates from South Dakota, and he is sure of at least 4 delegates from Idaho. Roosevelt will also secure the 12 delegates from the state of Washington, and at least 30 out of the 36 delegates from Missouri. He will get 10 delegates from New Hampshire. He will secure the entire delegation of 38 members from Texas.

Under the presidential preference primary law in Massachusetts, Roosevelt will win the entire delegation of 40 members. He is already reasonably sure of 10 more delegates from New York. He will secure 8 delegates from Wyoming, and at least 4 from Montana. Roosevelt will get the entire delegation of 16 members from West Virginia. Six of the South Carolina delegates who were instructed for Taft before Roosevelt became a candidate have already pledged themselves publicly to Roosevelt.

This makes a grand total of 574 delegates, and it takes 537 delegates only to nominate.

The Southern states, which always vote for a Democrat for president, will have 252 delegates in the Republican national convention. Very many of them will unquestionably go to Roosevelt. No count has been taken of any of the contesting delegates. Under these circumstances, how can any Progressive be in doubt as to how he ought to cast his vote in California? To cast it for La Follette can do him no possible good, and, if California elects La Follette delegates they can accomplish nothing for their leader and can exert no influence toward putting progressive principles into the national platform which would not be exerted with at least equal energy and success by the Roosevelt delegates, if elected.

The defeat of the Roosevelt delegates in California would be heralded throughout the country by the reactionary newspapers as a repudiation of Governor Johnson and his progressive policies. The voters of this state are indebted to Governor Johnson for the opportunity they enjoy of expressing their presidential preference at the ballot box at this time. Governor Johnson has enabled them to put in operation in this state every progressive principle which Senator La Follette is advocating. Governor Johnson is just as much entitled to the loyal support of the Progressive Republicans of this state as Senator La Follette is to that of the Progressive Republicans of his own state.

### EVENING OF FLINCH

Interesting Games Followed by Music at Social Function Last Evening

Lovely pink roses in the living and dining rooms of the Wehrly home, with dainty white roses in the den and reception rooms, united in the attractive pink and white color scheme which prevailed at the charming flinch party given last evening by Dr. and Mrs. John Wehrly.

The evening passed very happily with eighteen tables of players entertained with the amusement of the evening. The host and hostess were assisted in receiving and entertaining by Mesdames S. M. Davis, Theo. Winbiger, and Charles Kelly. In punning and serving, Miss Annis Snow and Miss Isabel Jayne were most helpful, with Masters John and Weido Wehrly also giving efficient aid.

The company was royally entertained with music after delicious refreshments, served on small tables, had been enjoyed. Brilliant and sympathetic playing of the piano by C. A. Gustlin and a choice vocal number beautifully sung by Lloyd Sharp was followed by the singing of "America," in which all joined, ending the pleasant event.

Tomorrow afternoon Mrs. Wehrly will entertain with a whist party for a number of her women friends.

### Successful Afternoon

The Ladies' Guild of the Church of the Messiah held the usual monthly tea yesterday afternoon at the home of Mrs. A. Reuter, 315 South Main street. The hostesses of the afternoon were Mesdames Whitehead, Oliver Rensberg and Elizabeth Wakeham, and under their efficient management the affair was pleasant and successful. A goodly number of ladies were present with their needlework and during the social hour delightful piano numbers were rendered by Mrs. A. J. Padgham and Miss Elsa Reuter.

Delicious refreshments were served by the hostesses, and the financial returns for the Guild treasury were gratifying. A profusion of pink and white carnations and pink and white roses made the rooms of the pleasant home fragrant and beautiful.

### Church Tea Tomorrow

The ladies of the Missionary Society of the Methodist Episcopal Church, South, will hold their regular monthly tea services Friday afternoon at 2:30 at the home of Mrs. J. A. Turner, 902 North Main street. All members and friends cordially invited.

### DELIGHTFUL PARTY

Eastern Star Past Matrons are Guests of Mrs. Reeves at Affair for Eastern Guest

Mrs. Nellie White, of Brookings, South Dakota, who has been visiting her son and his wife, Mr. and Mrs. R. E. White, of 2548 C street, was the complimented guest yesterday afternoon at a most charming party given at the Spurgeon street residence of Mrs. H. H. Reeves. The affair was given prior to Mrs. White's near-by departure for her South Dakota home. Mrs. Reeves was assisted in entertaining by Mrs. R. E. White. Fancy work and informal chat formed a pleasing preface to the principal diversion of the afternoon, a flower masquerade, a merry game that put the guessing powers of the ladies to a severe test in which Mrs. W. S. Peek took honors, winning a reward of a pretty brass hanging basket in which was a graceful air plant. Mrs. Frank True was consoled with a package of forget-me-not seeds enclosed in still another package inscribed by the hostess, "Forget us not."

Tribles were set in the dining room where delicious refreshments were served in a cafeteria, with Mrs. Reeves, Mrs. White and Miss Carrie Sexton presiding at the serving tables. There was considerable merriment as well as difficulty in finding places, until it was found that each lady's christian name had been used and spelled backward. Another amusing feature of the place cards, which were inscribed with the monogram of Mrs. Reeves and Mrs. White, was the discovery, "May 24," which by some twist of forgetfulness had been used instead of the real date, "April 24." The ladies insisted on taking the May date as meaning an invitation to another affair next month. Mrs. Reeves laughingly accepted the suggestion.

The guests were all members of the Eastern Star and most of them members of the Past Matrons' Association of Santa Ana. The list included the guest of honor, Mrs. Nellie White, of Brookings, S. D.; Mrs. H. E. Lloyd, of Hollywood; Mesdames O. M. Robbins, W. S. Peek, C. E. Rudbeck, R. L. Dickinson, W. H. Barker, W. H. Thomas, W. M. Clayton, Crawford, Frank True, T. E. Winbiger, U. D. Palmer, George Alderton, Abe Roberts; Misses Mary Cotter, Pauline Reinhaus.

Decorations of house and tables were in pink and white and carried out in roses and Shasta daisies.

### Pipe Organ Recital

Mr. Alan A. Revill, organist of the First Congregational church, is preparing for a pipe organ recital to be given on Tuesday evening, May 7, at the Congregational church. Mr. Revill, who has made a fine impression here as an organist and who is constantly growing in his chosen profession, will have the assistance of one of the most popular vocalists in the city, Mr. Maurice Phillips, at his recital.

The announcement of this recital will be hailed with pleasure by the music lovers of Santa Ana.

### Pleasant Afternoon Tea

The Ladies' Aid tea of the First Christian church was held at the home of Mrs. R. M. Eeely Wednesday afternoon.

The cozy little bungalow was filled almost to overflowing. Pink roses were used in the living room and dining room was beautiful with roses and lilies. The time was taken up with fancy work and conversation and enjoyment or delicious refreshments. A goodly sum was received during the afternoon to add to the ladies' building fund.

It was announced yesterday that plans were being arranged for one

### "Chinese Puzzles"

A very interesting paper was read by A. J. Perkins last evening before the Brotherhood Lyceum of the Congregational church, on "Chinese Puzzles." Mr. Perkins in his paper spoke of the problems which the Chinese have before them, their business methods and manner in which they live.

The members gave a vote of thanks and requested Mr. Perkins to continue his paper at some future date by giving a further description of his trip around the world. The request was granted.

### Manager Schenck Entertains

Last evening a dinner was given in honor of the track team of the Santa Ana High School, at the Schenck home on East Santa Clara avenue. A delightful dinner was served, and a good jolly time enjoyed throughout the evening. Short talks were given by Prof. Ratcliffe, Manager Schenck and Captain Foutz. The fellows who were present were: Stewart Smith, Dana Keck, Ec. Lacy, Tom Lacy, Harold Youngman, Chas. Swanner, Raymond Adkinson, M. Tedford, Paul Wilcox, Lowell Foutz, Dean Bates, Coach Ratcliffe and Manager Schenck. Roy Phillips and Walter Stafford assisted in the serving.

### Spent Day in Los Angeles

Mr. and Mrs. J. P. Baumgartner and Mrs. Ella Palmer went to Los Angeles this morning to participate in what might be called a family reunion. They joined Mr. and Mrs. Sexton, the parents of Mrs. Baumgartner and Mrs. Palmer, at the home of Mr. Sexton's cousin, Mrs. Weller and her daughter, Mrs. Whittier, for a day's visit. Mr. Sexton and Mrs. Weller had not met for 45 years prior to the visit of the Sextons to Southern California this winter.

### Travel Club Entertained

Miss Carrie Stutman, although not a member of the club, was hostess yesterday afternoon to the Young La-

dies' Travel Club at her home in Tustin. The study hour was devoted to the Grand Canyon of Colorado, later taking up the subject of Yellowstone Park. The discussion of these two great natural wonders was rendered doubly interesting by personal reminiscences of experiences at each of them by members of the club. Mrs. Henry Rutherford read an interesting paper on John Hance, the pioneer of the Grand Canyon.

Mrs. Carl Strock pleased the club with two charming vocal solos during the social hour that followed the study period. Dainty refreshments served on the beautifully hand-painted violet china recently done by the hostess, made a happy closing for the pleasant afternoon.

### Methodist "At Home"

The monthly "At Home" of the ladies of the First Methodist church will be held tomorrow afternoon at the home of Jay Powers, 338 East Pine street. All ladies are cordially invited. A silver offering will be taken.

### Potter-Smith

J. Francis Potter and Miss Marguerite Smith were married today in Los Angeles. The groom is the youngest son of W. G. Potter and the bride the youngest daughter of Mr. and Mrs. E. B. Smith. The wedding comes as a surprise to their host of friends, even though it has long been suspected that the marriage would take place quietly and unannounced.

The story of this romance goes back to the school days of the young couple in this city. The groom gave up his high school work to engage in business, but the bride continued and was a graduate in the class of 1906.

Miss Smith has always been a favorite in a large circle of girl friends and a hospitable member of the family in her own home. The many friends of the family and her own companions will unite in wishing her every happiness in life and will extend hearty congratulations to the groom.

Mr. Potter has a home furnished for his bride in Los Angeles, where he is now engaged in business and they will go to occupy it immediately.

### ORDER TO SHOW CAUSE

In the Superior Court of the County of Orange, State of California.

In the Matter of the Estate and Guardianship of Samuel James Tuffree, a Minor.

Upon reading and filing the verified petition of Carolina B. Tuffree, formerly Carolina B. Tuffree, guardian of the person and estate of Samuel James Tuffree, a minor.

It is ordered that all persons interested in the estate of said minor do appear before this court on the 10th day of May, 1912, then and there to show cause why all of that real property hereinafter described should not be leased for the period of twenty (20) years, for the purpose of exploiting for oil and petroleum, and extracting the same therefrom, upon the payment of a cash bonus of \$5000, and the further payment of a one-sixth of the net oil produced from the premises during the existence of the said lease.

Said property is described as follows, to-wit:

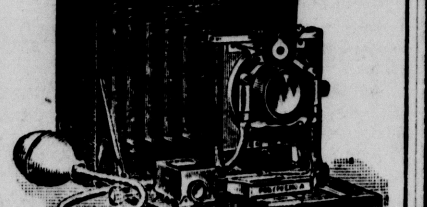

Lots eleven (11) and fourteen (14) of Tuffree's Subdivision of Sections 19 and 20, Township 3 South, Range 9 West, S. B. M., in the County of Orange, State of California, as per map recorded in Book 3, page 31, Maps of Orange County Records.

Reference is hereby made to the petition on file herein for particulars.

And it is further ordered that this order to show cause be published for two successive weeks in the Santa Ana Daily Register, a newspaper of general circulation published in the County of Orange, State of California.

Dated April 25th, 1912.

## Dolphin Garden Hose

It takes an expert to buy rubber hose and get his money's worth. Most hose looks alike. One thing certain—a low price on hose means poor goods, and a high price don't always mean high grade. Our Dolphin Hose is made by the right people, has made good in Santa Ana for years and is fully guaranteed by us. It is high grade hose at a medium price—a safe hose to buy. Regular size sells at 14 cents per foot. See us for nozzles, sprinklers and lawn tools of all kinds.

# HEADACHE, BILIOUS STOMACH AND WASTE—CLOGGED BOWELS

**Delicious "Syrup of Figs" Sweetens a Sour, Gassy Stomach;  
Cleanses Your Liver and 30 Feet of Bowels Without  
Gripe or Nausea—Takes Scum From Tongue**

All those days when you feel miserable, headachy, bilious and dull are due to torpid liver and sluggish bowels. The days when your stomach is sour and full of gas, when you have indigestion; the nights when your nerves twitch and you are restless and can't sleep could be avoided with a teaspoonful of delicious Syrup of Figs. Isn't it foolish to be distressed when there is such a pleasant way to overcome it?

Give your inactive liver and ten yards of waste-clogged bowels a thorough cleansing this time. Put an end to constipation.

Take a teaspoonful of Syrup of Figs tonight, sure, and just see for yourself by morning how gently but thoroughly all the sour bile, undigested

fermenting food and clogged up waste matter is moved on and out of your system—no nausea—no griping—no weakness.

You simply can't have your liver inactive and your thirty feet of bowels constipated with sour, decaying waste matter and feel well. The need of a laxative is a natural need, but with delicious Syrup of Figs you are not drugging yourself. Being composed entirely of luscious figs, senna and aromatics it can not injure.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse, with scorn, any of the so-called Fig Syrup imitations. They are meant to deceive you. Look on the label. The genuine, old reliable, bears the name, California Fig Syrup Company.

## MANUFACTURING COST OF SCHOOL BOOKS REDUCED

**State Printer Has Cut 30 Per Cent from Cost of Manufacturing State School Books—Books Billed to Text Book Committee at Reduced Rates—State Board of Education Fixes Prices**

SACRAMENTO, April 25.—State Printer Friend W. Richardson has just completed the manufacture of 20,000 copies of the Second Reader, and has been able to reduce the manufacturing cost from 18½ cents to 13½ cents. This includes the extra price paid for material under the old regime. If stock could have been purchased at the new contract prices, the cost would have been 12 cents.

The State Board of Education will meet on the first of June and will be able to reduce the price on this and other books. While books are still being sold to the public at the old manufacturing cost, the state printer is actually billing them to the Text Book Commission at the new prices. The difference between the price at which they are sold to the public and the bills rendered by the state printer, will go to the benefit of the State Text Book fund.

The new state printer has been able to reduce the price on every book that has been printed during his term. The following table shows the former cost of manufacturing books and the new cost under Richardson's administration:

	Former Cost	New Cost	Cost less stock overload
Introductory History	.30	.21	.18½
Speller Book One	.16½	.14	.12½
Advanced Arithmetic	.32	.18	.16
English Lessons One	.20	.17½	.15½
Second Reader	.18½	.13½	.12

## AN OLD FASHIONED BARBECUE AT SAN JACINTO

The San Jacinto Board of Trade has plans for an Old Fashioned Barbecue that bids fair to outdo anything of its kind ever given in this part of the country. It is to be given in celebration of the Great Water Discovery made recently, together with the present and future prosperity of their most beautiful little valley. San Jacinto fattened steers and pigs, for which this section is famous, will be served, as a pleasant reminder and notice to the whole country around that San Jacinto is happy. It was always good, but now it is literally running over with possibilities, in all branches of ranching, fruit growing, cattle and hog raising, in fact it goes right down the line heading the list in almost every particular.

"It is beautiful, and its future is assured," says Nat Goodwin, the great actor, as he gobbles a thousand acres and plans for a mansion. It's true we are off in a little corner by ourselves, but it's a cozy corner, and the best corner on earth for a man to get a start. We have had no land agents to boom and raise prices, making it especially attractive at this time. It's equally good for the rich and retired, because of its health giving climate, and beautiful surroundings, elegant trout fishing, and all kinds of small and large game close by.

Be sociable, come over and see us, you won't regret it, and we guarantee you won't forget it. Few minutes from Riverside by auto or Santa Fe, fine roads all the way. Come any time. If you want a snap you can't come too soon.

Look for another notice in this paper tomorrow. Send postal for photographs and further particulars. San Jacinto Board of Trade, San Jacinto, Cal.

## DO NOT HANDICAP YOURSELVES

by omitting to establish relations with a strong, service-giving bank. Without such a connection, you are placed at a disadvantage in every transaction involving money.

Nowadays banks are indispensable to the business community, and if you have not opened the right kind of banking relations you are simply lessening the possibilities of your business.

A checking account here will be a great help to you and appreciated by the bank.
